Mr. McCain,

Attached is a copy of the Affidavit of Publication for MRR Sandhills Notice of Intent published in three consecutive issues of the Marlboro Herald. Unless I hear otherwise from you I will retain the original copy in our files. I also have a database of the neighboring property owners, and the USPS return receipt green cards associated with the NOI certified mailings to each. I am not aware of the need to submit these to DHEC at this time; however I will forward them if required and/or desired by the permitting staff.

Thank you,

Dan Moore

Subject: MRR Sandhills Public Notices

Mr. Moore,

Thank you for the electronic copy of the public notice that was published on March 25th. We will still need affidavits of publication from the newspaper for the three dates the notice is to run. Please supply these as they become available. Thank you.

Sincerely,

**NOTICE OF INTENT TO
FILE A PERMIT APPLICATION FOR A CLASS
THREE LANDFILL**

The name of the permit applicant is MRR Sandhills, LLC; and their address is 431 Raleigh View Road, Raleigh, NC 27610. The landfill site is located on undeveloped timberland in northern Marlboro County; generally bounded on the north by the North Carolina/South Carolina state line and situated south of NC Route 1803 (Osborne Road); generally bounded on the west by the CSX Railway and situated east of SC Highway 177; generally bounded on the south by undeveloped timberlands situated north of SC Highway 165; and bounded on the east by undeveloped timberlands situated west of SC Highways 38, 257 and 258. The site is approximately 6 miles northeast of the community of Wallace, SC. The proposed landfill waste disposal area will be no greater than 300 acres in size, and will be situated on facility property consisting of approximately 1050 acres.

The proposed facility is classified by the South Carolina Department of Health and Environmental Control (hereafter referred to as DHEC) as a Class Three landfill. Class Three landfills are allowed to accept municipal solid waste, industrial solid waste, sewage sludge, nonhazardous municipal solid waste incinerator ash and other nonhazardous waste. One or more of these waste
